EXPERIENCE

Intern

Numeric Infosystem Pvt. Ltd,

Aug 2023– Oct 2024

Gwalior, Madhya Pradesh

- I am working for Numeric Infosystem Pvt Ltd as a Mern Stack Developer Intern.
- Developed and maintained robust web applications using HTML5, CSS3, Javascript, MySql, Express.js, React.js, Node.js.
- Front-End Development: Designed and implemented user interfaces with React.js, ensuring responsive and intuitive user experiences.
- Back-End Development: Created RESTful APIs using Node.js to manage data and business logic. Integrated MySql for efficient data storage and retrieval.
- Database Management: Utilized MongoDB and MySql for data modeling, query optimization, and ensuring high performance and scalability of applications

PROJECTS

Medbazzar | *React.JS, Node.Js, Javascript, MySql, Material UI, Rest Api,*

May 2024 – July 2024

- Developed a e-commerce pharmaceutical products and wellness product delivery web application
- React: Utilized for building a dynamic and responsive user interface, enhancing user interaction and engagement.
- Node.js: Powers the server-side logic, ensuring a scalable and efficient backend.
- SQL: Manages our relational data efficiently, supporting complex queries and robust data management
- RESTful API: Facilitates smooth communication between the client and server, enhancing the user experience.
- State management: Implemented with Context API for seamless global state handling across the application.

Goods Keeper | *Node.Js, Express.js, Javascript, jQuery, MySql, Crud, Bootstrap*

Feb 2024 – March 2024

- Developed an admin panel goods where admin can Create, Update, Prioritize, and delete tasks based on their Preferences.
- Developed a Login and logout page for admin, Admin dashboard, Crud for goods handling, Communication between frontend and backend.
- Implemented Node.Js as backend technology, Express.Js and Bootstrap for frontend , Used MySql as database management
- Used jQuery to make it much easier to use javascript

Foodie - Responsive Web View | *Javascript, HTML5, CSS3 Bootstrap*

Dec 2023

- Designed and implemented a fully responsive web view using Javascript, HTML, CSS, and Bootstrap ensuring optimal user experience across various screen sizes, including desktop and mobile devices.
- Replicated the Foodie web app interface, showcasing skills in HTML, CSS, Javascript and Bootstrap
- Applied innovative design principles to enhance user experience and engagement.
